WORK EXPERIENCE

Junior Software Engineer(Intern)

Cravita Technologies India Private Limited, Pune.

06/2024 - Present

PERSONAL PROJECTS

Hospital Management System (07/2022 - 11/2022)

- Successfully completed hospital management system project in the academics.

EV Charging Stations Management System Using AI Chatbot Support (08/2023 - 05/2024)

- We developed the management system for the charging stations for electric vehicles. Also we added some new feature like AI chatbot and that bot will assist the user for better assistance. Also added the slot booking option for the prebooking of charging the vehicle.

Telehealth Appointment & Prescription Management System (10/2024 - Present)

- This system aims to enhance the patient experience by providing an efficient way to manage appointments, consultations, and prescriptions while ensuring compliance with healthcare regulations and maintaining data security.
- **Frontend:** ASP.NET Core MVC, HTML5, CSS3, JavaScript, and Bootstrap for responsive design.
- **Backend:** ASP.NET Core Web API for handling business logic and data processing.
- **Database:** SQL Server for robust data management and storage.
